

Dear national and society delegates

well with less than two months before the GA in utrecht there are some important announcements

Firstly: we need to know who will be coming and which events you will be participating in
This is vital for the organization by the Dutch Musculoskeletal Society

Please send your answer to me and also to Kelly of the dutch society (her name is cc'd above)

Please inform us of your registration -and please use the web page to sign up for all the activities

Secondly: please send out the information of the scientific conference and the FIMM workshops to your society members. We have a limited amount of places for the workshops

Thirdly: We have a full agenda for the GA including important information about finances and also education

Looking forward to seeing you all there

Simon Vulfsons
FIMM President
