

2025 FIMM General Assembly Secretary-General Report

Michael L. Kuchera, DO, FAAO, FNAOME

Secretary-General, Fédération Internationale de Médecine Manuelle

*Officer
Reports*

ATStill21@hotmail.com

I WANTED TO DISCUSS THE PRE-GENERAL ASSEMBLY DELEGATES PROGRAM

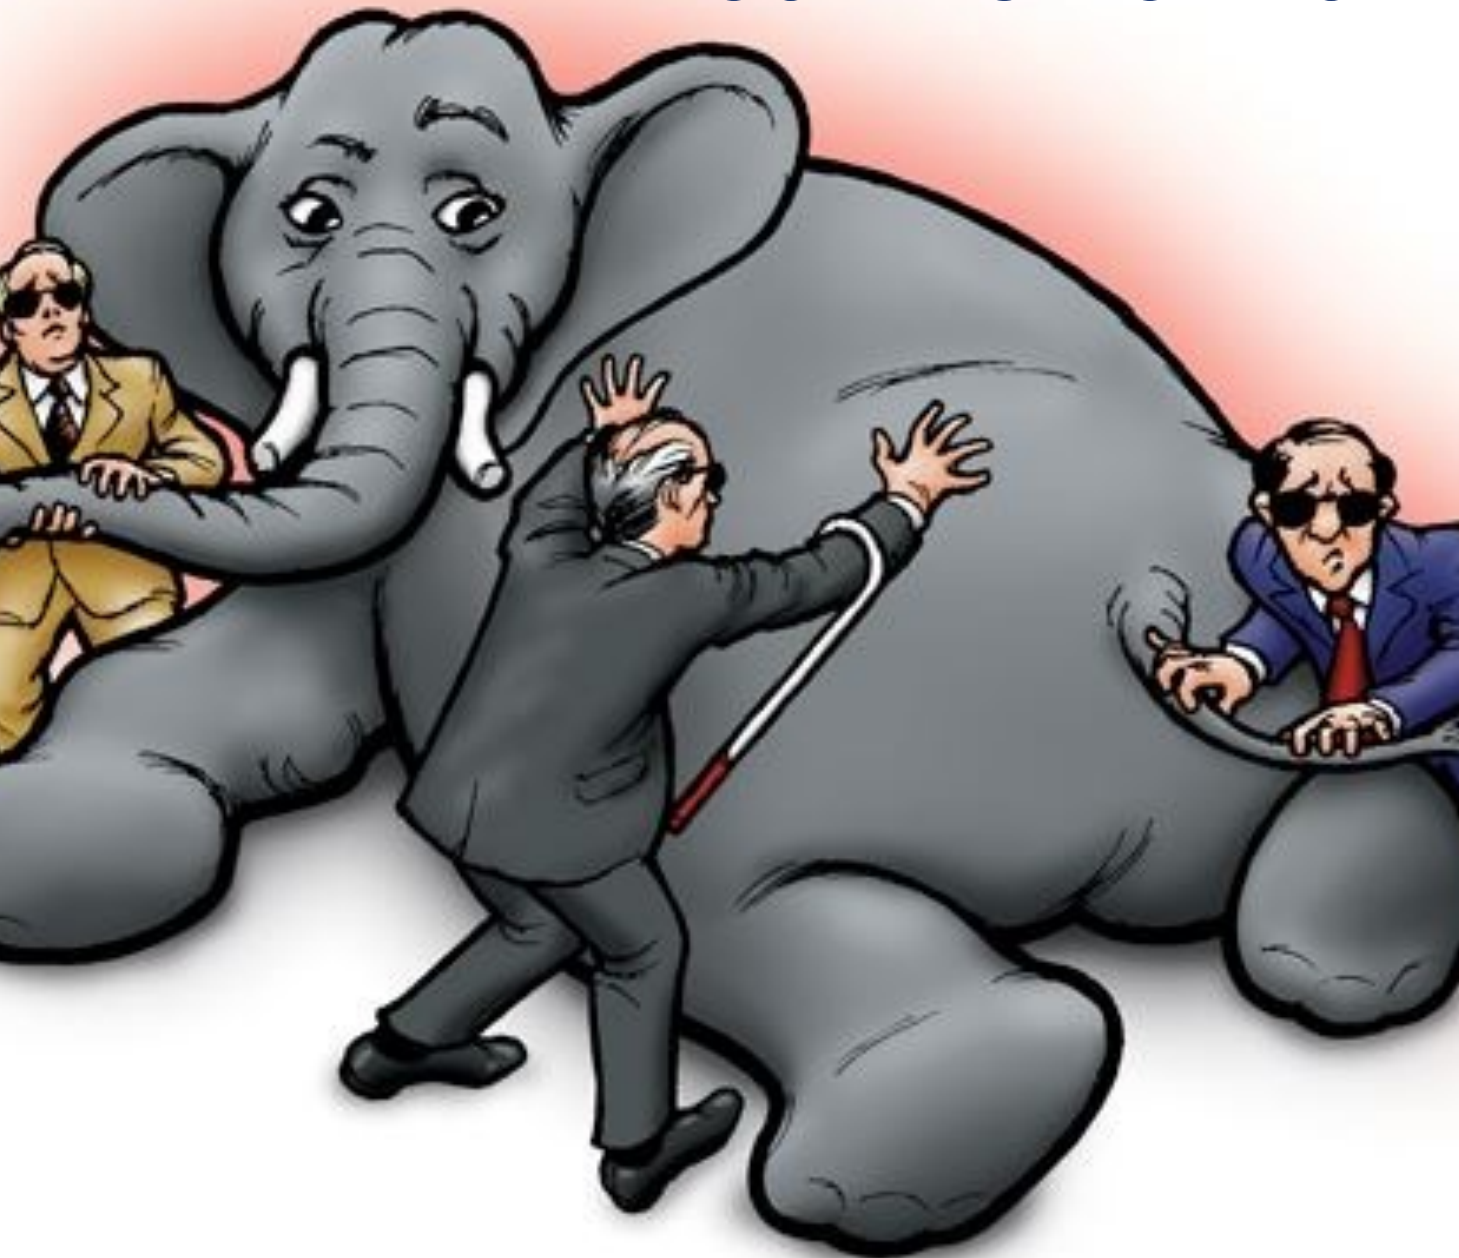

Building on this year's inaugural program:

- Opportunities to enrich meaningfulness to Delegates
- Opportunities to demonstrate FIMM's value to Societies in the Federation
- Opportunities to advance the Strategic Plan of FIMM

Encourage you this coming year ...

- Conduct Inter-Examiner Reliability Tests on your MM Diagnostic Tests
- Consider sharing MM research you may see with Stephan Vinzelberg (Science Officer) and/or at next FIMM Delegates' Communication Meeting
- Consider offering an MM demonstration at next Delegates' Communication Meeting

COMMUNICATION

DEMOS SCIENCE DISCUSS

Each “School”
of MM has:

- Its own perspective
- Its own diagnostics
- Its own MM techniques

Sharing helps all
of us better
understand the
whole MM beast

FIMM STRATEGIC PLAN

REPORT	BOARD/COMM	TASK	DUE	STATUS	GOAL Set
Vinzelberg	Science	See Priorities - Goals - Strategies			E2
Vinzelberg	SCIENCE	"Monitor" scientific status of MM societies	Ongoing	Progress ongoing	B8
Vinzelberg	SCIENCE	Publish items/references related to MM & FIMM	Ongoing	Progress ongoing	B9
Vinzelberg	SCIENCE	Strengthen/Promote MM Sci issues (alliances, endorse, webinar)	Action plan: 2024 GA	Progress ongoing	E9
Vinzelberg / Bar	SCI/COMM	Enhance Sci platform function; Make a plan for Scientific networking	Action plan: 2024 GA		B13
Bar	COMM	Recruit/Interest people / societies to meet goals (max involvement)	Action plan:	Plan 1: Ongoing	A4

POSSIBLE OPPORTUNITIES DURING THE NEXT PRE-GA DELEGATES MEETING

1. **Make a plan for Science networking**
 - Include opportunities for networking
 - Invite pertinent **research papers and/or references to distribute** at Pre-GA Delegates Meeting
 - Report on **Inter-Examiner Reliability** for Palpatory Diagnosis & MM Tests at Pre-GA Delegates meeting
 - Perhaps **invite one-two key researcher(s)** to address delegates at Pre-GA meeting (maybe not even a member or delegate; eg PhD)
 - Invite **delegates to nominate themselves for a panel** Q&A on MM research topics of interest
2. **Recruit/Interest people/societies to meet goals (maximal involvement)**
 - Presentations or Summaries
 - Panels
3. **Demonstrations of MM diagnostics or techniques with discussions**

DELEGATES PRE-GA MEETING (THOUGHTS)

OPPORTUNITIES DURING THE PRE-GA DELEGATES MEETING

SCIENCE

- Presentations that **enhance meaningful material for Delegates to bring back to their Societies**
- Share and update our **Federation database** for MM scientific documentation (maintain a **repository for Societies to access**)
- Foster / **Advocate protocols** that other Societies could replicate or to which they can contribute (eg: Protocols for Inter-Reliability Studies of MM palpation & tests)
- **Report on documented mechanisms of action** by which MM can affect pain, motion, or physiology (even if just references)
- **Report on studies documenting clinical efficacy** (even if just references)

DELEGATES PRE-GA MEETING (THOUGHTS)
