Report from President Dr. Henk Bultman

Prospective 2022 – 2023

The Challenges ahead ?

- Future role of FIMM
- Manual Medicine Worldwide: FIMM conferences / Webinars
- Revisiting Guidelines on basic training and safety (HPB)
- Education project
- The Challenges ahead !!

The Challenges Ahead ??

GOALS:

- Make FIMM Future proof & strong
- Make FIMM visible
- Expanding outside known regions: LATAM ? Africa ?
- Attracting new societies
- Collaboration with other MSKM fields
- FIMM must ensure that Societies recognize themselves in what FIMM offers

The Challenges Ahead ?

Status of MM/MSKM in the World:

- Different situations in different countries and organisations: not 1 system
- Differences in Status of FIMM Members
- Recognition of FIMM by Governments
- Differences in Education Levels and Systems: Not everywhere Bologna, CAS/DAS or 300Hrs !!
- Different systems ask for different legislation and regulations: no 1 size fits all but custom and individual finetuning is needed
- FIMM isn't in the position to establish rules, certificates and diploma's
- FIMM has no authorization or control in public health affairs and -systems
- FIMM so has only a limited legal role nor can enter in these systems
- FIMM must beware of being overconfident or to overestimate its influence and public role

Others:

- Language in courses
- Pandemics
- Travelling
- Political situations / wars atc,

Prospective 2022 – 2023

- The Challenges ahead ?
- Future role of FIMM**
- Manual Medicine Worldwide: FIMM conferences / Webinars
- Revisiting Guidelines on basic training and safety (HPB)
- Education project
- The Challenges ahead !!

Future role of FIMM

Future image of FIMM

The future image describes how the organization will be operating a few years from now

FIMM is an active, internationally recognized federation, attracting national societies and policy makers worldwide, whose main function is gathering, and disseminating knowledge and expertise and proactively advancing integration of Manual/Musculoskeletal Medicine into health care. FIMM strives to be the standard in the world for Manual/Musculoskeletal Medicine.

FIMM

INTERNATIONAL FEDERATION
FOR MANUAL/MUSCULOSKELETAL MEDICINE

7

Future role of FIMM

The Vision of FIMM

The vision summarizes the desired future image of FIMM.

FIMM is recognized as the international federation, disseminating knowledge and expertise integrating Manual/Musculoskeletal Medicine to Health Care.

Future role of FIMM

Mission Statement of FIMM

The mission statement of FIMM is to answer the question: why does the FIMM exist and what is its main business and competitive advantage.

FIMM exists because:

1. International umbrella organization which supplies a platform for networking between the national organizations
2. Representing the field of Manual/Musculoskeletal Medicine
3. Promoting expertise and collegiality
4. Dissemination of knowledge and experience
5. Implementation of Manual/Musculoskeletal Medicine

Prospective 2022 – 2023

- The Challenges ahead ?
- Future role of FIMM**
- Manual Medicine Worldwide: FIMM conferences / Webinars**
- Revisiting Guidelines on basic training and safety (HPB)
- Education project
- The Challenges ahead !!

Manual Medicine Worldwide

- Cycles of FIMM Conferences & Webinars
- Both live and online
- Participation and involvement from other societies
- Spring Webinar
- Combined GA and Conference
- Online Platform for societies members offering exchange of knowledge on every field of MM/MSKM
- [Webinars 2021-2022-Report.pptx](#)

Prospective 2022 – 2023

- The Challenges ahead ?
- Future role of FIMM**
- Manual Medicine Worldwide: FIMM conferences / Webinars
- Revisiting Guidelines on basic training and safety (HPB)
- Education project**
- The Challenges ahead !!

Education Project

Setting the standard for education

- Continuing education towards a 300-hour curriculum
- Promoting courses and endorsing courses
- Accreditation
- Making standards for treatment procedures, education and certification
- Certificated curriculum of member societies
- To create a diploma of MM which will be recognized in all countries
- Experience reports on how other countries got their diploma

FIMM
INTERNATIONAL FEDERATION
FOR MANUAL/MUSCULOSKELETAL MEDICINE

12

Education Project

POSTPONED

- Differences in Education Levels and Systems: Not everywhere uses Bologna, CAS/DAS or 300Hrs !!
- Different situations in different countries and organisations: not 1 system
- FIMM isn't in the position to establish rules, certificates and diplomas

⇒ Guidelines outdated

⇒ Revise Guidelines first
