  - Journal: none

# 2022 Societal SWOT Analysis

## Country / Society Name

### ➤ Strengths

- We have a full 300 hour program and the teachers to teach it
- We have developed an e-textbook, that can be adapted to new knowledge .

### ➤ Weaknesses

- Our member number is falling, due to recutting problems and an aging member population.
- 

### ➤ Opportunities

- we have the opportunity to get help and inspiration form other MM societies around the world.
- 

### ➤ Threats

- Our main member body consists of GP's and they are currently constantly getting new tasks in the form of work that earlier has been taken care of in the outpatient clinics of the hospitals, so not much time for developing MM skills.
-
