English version

Le texte anglais est une traduction du texte français. Selon le paragraphe 1 de l'article 10 c'est un texte de travail.
 Der Englische Text ist eine Übersetzung aus dem Französischen. Gemäß Absatz 1 Artikel 10 entspricht er einem Arbeitstext.
 The English text is translated from the French text. According to paragraph 1 of article 10 it is used as working text.

Article 1	The Association is to be known as the International Federation for Manual/Musculoskeletal Medicine , abbreviated as FIMM . Its registered office is B-4608 WARSAGE, Thier Saive, 49; it is subject to the Belgian law of the 25th October, 1919 granting legal status to international associations with philanthropic, religious, scientific, artistic or pedagogic aims.	
	<i>Il est constitué une Association reprise sous le nom de Fédération Internationale de Médecine Manuelle, en abrégé FIMM. Son siège officiel est à B-4608 WARSAGE, Thier Saive, 49 et elle est soumise à la loi belge du 25 octobre 1919 accordant la personnalité civile aux associations internationales poursuivant un but philanthropique, religieux, scientifique, artistique ou pédagogique.</i>	
Considerations I	The French and the German names of the Federation are not equivalent to the English name. For strategy reasons "Musculoskeletal" was pinned to the English line only. For some members the term <i>Musculoskeletal</i> is essential, for some it is disturbing.	
Question 1	Should the name of the Federation be: <i>Fédération Internationale de Médecine Manuelle</i> <i>International Federation for Manual/Musculoskeletal Medicine</i> <i>Internationale Gesellschaft für Manuelle Medizin</i>	<input type="checkbox"/> definitely yes <input type="checkbox"/> yes <input type="checkbox"/> does not matter <input type="checkbox"/> no <input type="checkbox"/> definitely no
Question 2	Should the name of the Federation be: <i>Fédération Internationale de Médecine Manuelle</i> <i>International Federation for Manual Medicine</i> <i>Internationale Gesellschaft für Manuelle Medizin</i>	<input type="checkbox"/> definitely yes <input type="checkbox"/> yes <input type="checkbox"/> does not matter <input type="checkbox"/> no
