

FIMM Community Updates: June 2016

The FIMM Executive Board is dedicated to increasing communication in the FIMM community. In addition to the [World of Manual Medicine](#) started last month, we announce the launch of an easy-to-read electronic website, blog & calendar. Designed to rapidly update those interested in the international manual medicine community, enjoy viewing [The FIMM Community](#) (click on this linked title). We welcome you sharing your [impressions or suggestions](#) with member of FIMM's leadership. If you wish to personally [subscribe](#) to any of these communication formats, send us your information.

2. November 25-26, 2016: [8th IAMMM Academy Conference](#) (Padua, ITALY)

Health Policy Impacting Manual Medicine

[More/Details](#)[Training-Safety Guidelines](#)

With loose ties to FIMM, the [European Scientific Society of Manual Medicine \(ESSOMM\)](#) is an "umbrella organization" of scientific groups concerning manual medicine (MM) exclusively for physician specialists in Europe. ESSOMM's aims include providing support for the science and clinical application of MM. They contributed heavily through the European Union of Medical Specialists - Multidisciplinary Joint Committees (UEMS-MJC) to the recently realized [European Core Curriculum](#) (30 ECTS) for MM education. The requirement process now insures training and safety in MM according to the [FIMM guidelines](#) and can lead to a Diploma of Advanced Studies.
